

Support Coordination

Our Support Coordinators are with you every step — helping you to navigate the NDIS and get the most out of your plan and also access mainstream supports.

Support Coordination

Choosing which service providers you work with can be hard at times, which is why we're here. Support coordinators can help you or your guardian/nominee activate your NDIS plan and access the supports you need.

Whether you need occasional services through to complex, multi-disciplinary needs, our team has specialists that will

ensure you're matched with the right supports to help you live your best life.

Our Support Coordinators can help you understand your NDIS plan, find providers for the supports you need, achieve your goals and participate in the community.

The South Australian Learning Centre (SALC) is a Registered Training Organisation offering training programs and short courses in the areas of disability, community services and horticulture.

mindainc.com.au

South Australian Learning Centre

Our nationally accredited courses and state-of-the-art training facilities drive quality outcomes – by offering hands-on, job-ready training – delivered by industry experts. All our programs and short programs follow industry best practices.

Whether you're wanting to work in the disability sector or community services, whether you're wanting to upskill or move careers – we can help you.

We are an accredited provider for the Work Ready (sometimes referred to as Skilled Careers) program, where thanks to the South Australian government, young people, school leavers and job seekers have access to low-fee courses and qualifications.

If you're a major service provider across the community sector, we can customise programs to meet your needs, ensuring the learning outcomes are directly linked to service delivery.

Reasons for studying:

- The South Australian Government estimates 6000 new full-time jobs will be needed over the next few years in health and disability, with the rollout of the NDIS significantly increasing demand for qualified carers.
- To learn new skills
- Be a part of social change and providing support for vulnerable people
- Our courses are supported by the Government of South Australia (visit www.skills.sa.gov.au for eligibility criteria)
- Blended delivery courses which means greater flexibility around work/life/study balance

- Programs include work placements and workplace simulations – preparing you as much as possible for the workplace!

Courses offered:

We offer the following courses:

- Certificate III in Individual Support – External studies
- Certificate III in Individual Support (Disability)
- Certificate IV in Disability
- Diploma of Community Services
- Mental Health First Aid
- Safe Environments for Children & Young People

Location:

Our location is 38 Panalatinga Road, Old Reynella SA 5161.

Testimonial:

A change in direction led Evan, a former warehouse forklift driver, to studying a CHC30015 Certificate III in Individual Support (Disability) at SALC – and has never looked back!

“The SALC course was really good, the trainers are excellent and then following on, coming to Minda, the

staff have been very accommodating to me and helping me out a lot,” says Evan.

Evan completed his 120 hours of work placement at Minda, where he was offered a contract once his placement was finished! He is now a Disability Support Worker at Minda's day options program, MyPath and sees himself working at Minda long-term.

He mentions, “I'd be happy to work as a disability support worker leading into retirement – I have already learnt a lot in these three months.”
